About IBS Intelligence

Established in 1991, UK-headquartered IBS Intelligence (IBSi) is the world's only pure-play Financial Technology (traditional and new-age) research, advisory, and media firm, with a global coverage, and a 360° portfolio of intelligence offerings.

For over 30 years, IBSi's expert teams have delivered independent, in-depth, actionable insights, with a laser focus on everything Financial Technology, to the global banking, consulting, technology, and institutional investor world.

As an Analyst firm, we take pride in covering 400+ FinTech vendors in-depth globally – the largest by any global research firm in this space. IBSi's iconic annual Sales League Table has been the industry-acknowledged barometer of global Financial Technology vendor performance for 20+ years, covering 100+ leading technology participants from 150+ countries, across 20 system types. Every year.

Our FinTech Lab in Dubai brings banks and global technology vendors together with a common goal of fostering collaboration and innovation within the GCC region.

IBSi's group company, Cedar, is a 35-year-old global management consulting firm with deep expertise in formulating & executing business strategy for financial services clients worldwide, with a significant focus on leading their technology and digital transformation.

IBSi PaymentsVision Portal

The payments industry has been evolving on a day to day basis and IBSi through its research and analyst team has been covering this evolution in real-time by analyzing technology investments made by banks and financial institutions, featuring/covering 40+ payments vendors, authoring 230+ thought leadership pieces in the form of whitepapers, blogs and case studies. In an endeavour to assist global executives, IBSi has launched an interactive proprietary one-stop-solution in the form of Payments Vendor Vision Tool, covering real-time events instantaneously and providing an fruitful insights to enable efficient decision-making.

IBSi LendingVision Portal

The global lending market size is expected to grow at a CAGR of ~14% through 2026 and is expected to rise exponentially through Digital lending and Lending 2.0. At IBSi, we cover current and upcoming developments and trends through our intelligence portal, i.e. LendingVision Tool. IBSi's LendingVision portal is a comprehensive dataset tracking the global lending space weekly. The tool comprises data points ranging from deals (3,300+) in different geographical regions to detailed supplier profiles (20+), insightful charts, and thought leadership pieces (30+).
